JUVENILE

Duration: 2 minutes 15 seconds +/- 10 seconds

A well-balanced Juvenile programme must contain a **maximum of 7 elements:**

- A **maximum of four (4) jump elements**, one of which must be an axel type jump. There may be up to two (2) jump combinations or one (1) jump combination and one (1) jump sequence. A jump combination or sequence can contain only two (2) jumps. Triple jumps are not permitted. Only one single and one double jump (including Double Axel) can be repeated once.
- A **maximum of two (2) different spins of a different nature (abbreviation)**, one of which must be a spin combination with or without a change of foot (minimum of six (6) revolutions in total) and one spin with no change of position and with or without a change of foot (minimum of six (6) revolutions in total). Flying entrance is permitted.
- **One (1) step sequence** fully utilising the ice surface.

NOTE 1: For Juvenile Under 12 and 12 & Over, in all elements which are subject to Levels, only features up to Level 2 will be counted. Any additional features will not count for Level requirements and will be ignored by the Technical Panel.

NOTE 2: Falls in Juvenile Under 12 & 12 & Over grades to be deducted as a 0.50 deduction rather than a full 1.00 deduction.

NOTE 3: For those skaters who perform a waltz jump as their 'Axel-type jump', the jump will be called an Axel – no value.

YOUTH INTERPRETIVE GOLD and ELITE YOUTH INTERPRETIVE PROGRAMMES

Duration: Gold and Elite 2 minutes +/- 10 seconds

Vocal music is permitted.

The Interpretive programme will be judged only on the basis of the three Component Marks. The programme should consist of a variety of skating moves selected for their value to enhance the skater's interpretation of the music rather than for their technical difficulty. Skaters will be judged on their ability to interpret the music and develop a theme by using their skating skills.

The Interpretive programme must include:

- i. A minimum of one and a maximum of two jump elements
- ii. A minimum of one and a maximum of two spins

For the purposes of this rule, a clear attempt of a jump/spin element will count as a jump/spin element. Where a spin fails for some reason and the skater immediately does another spin those spins will only count as one spin for the purposes of this rule.

Jump combinations of up to three jumps are permitted. Gold and Elite have no limits on the number of jump revolutions. However, credit for jumps and spins is based solely on the ability of such movements to enhance the chosen theme and support the music, no credit will be given for their technical difficulty.

Falls are not subject to a deduction but may have a negative impact on the Program Components.

Elements exceeding the maximum number will be judged as an illegal element and receive a 0.5 deduction. Elements lacking in number will receive a 0.5 deduction. Violations of the below requirements will also receive a 0.5 deduction:

- The programme must be developed through skating skill and quality rather than through non-skating actions such as sliding on one knee or excessive use of toe steps which should be used only to reflect the character of the programme and to underline the rhythm and nuances of the chosen music.
- The skater must not remain in one place for more than five (5) seconds.
- Costumes should be simple, tasteful and selected to enhance the performance by appropriately reflecting the character of the music and theme.
- Props may not be used in any part of the programme. Any item that is held in the hand or removed during the performance is considered a prop. A hat worn throughout the programme is not considered a prop unless intentionally removed.
- Objects on the ice, thrown to the audience, placed on the boards or on the Judges' tables are not permitted.
- Costumes that contain particles that may mar or leave anything on the ice surface (feathers, boas, excessive beading) are considered unsafe and are not permitted.

Illegal elements

- Somersault type jumps
- Lying on the ice and prolonged and/or stationary kneeling on both knees on the ice.

BRONZE, SILVER, and GOLD INTERPRETIVE PROGRAMMES

Duration: Bronze and Silver 1 minute and 30 seconds +/- 10 seconds

Gold must not exceed 2 minutes and 10 seconds

Vocal music is permitted.

The Interpretive programme will be judged only on the basis of the three Component Marks. The programme should consist of a variety of skating moves selected for their value to enhance the skater's interpretation of the music rather than for their technical difficulty. Skaters will be judged on their ability to interpret the music and develop a theme by using their skating skills.

The Interpretive programme must include:

- iii. A minimum of one and a maximum of two single jumps
- iv. A minimum of one and a maximum of two spins

For the purposes of this rule, a clear attempt of a jump/spin element will count as a jump/spin element. Where a spin fails for some reason and the skater immediately does another spin those spins will only count as one spin for the purposes of this rule. No axel type jump or double jumps or combination jumps are permitted. Credit for jumps and spins are based solely on the ability of such movements to enhance the chosen theme and support the music. No credit will be given for their technical difficulty.

Falls are not subject to a deduction but may have a negative impact on the Program Components.

Elements exceeding the maximum number will be judged as an illegal element and receive a 0.5 deduction. Elements lacking in number will receive a 0.5 deduction. Violations of the below requirements will also receive a 0.5 deduction:
